Professional Statement

I am a highly motivated student currently studying Software Engineering in my penultimate year with a strong technical background looking with a strong interest in full stack development.

Education

University of Sydney

2016-2020

Bachelor of Engineering with Honours, Majoring in Software

Skills Java, Python, C, HTML, CSS, Bootstrap, JavaScript, Node JS, SQL, MongoDB

Work

- Bartender at Strike/Holey Moley (2019 – Present)
- Back of House Supervisor at Betty's Burgers, Castle Towers (2018 – 2019)
- Back of House Supervisor at Nandos, Macquarie Centre (2016 –2018)

Projects

- **Eye Tracking` Chrome Plugin**
<https://github.com/kimodolux/Capstone-Eye-Tracker>
Eye tracking plugin used to track user's attention built in JavaScript
Worked on the accuracy of the neural net and the User Interface.
Client was extremely happy with the final product
- **Portfolio Website**
Working on building a portfolio website to display my skills and projects using Node JS and Express.

Achievements

- **Queen's Scout Award**
